CALL FOR APPLICATIONS

POSTGRADUATE CERTIFICATE IN HIGHER EDUCATION TEACHING PROGRAMME - SEPTEMBER 2026 COHORT

The School of Education (SoE) at the University of Malawi, through the Higher Education and Professional Development Department, is pleased to announce the call for applications for admission to the second cohort of the recently established Postgraduate Certificate in Higher Education Teaching (PGCHET) Programme, to commence in September 2026.

Background

The SoE is an excellent, immensely experienced innovative leader in education studies and research in Malawi. As a locally and globally responsive leader in education studies, the SoE under its recently established Higher Education and Professional Development Department, has introduced a new program targeted at capacitating those teaching in universities and colleges with knowledge, skills, and competencies for effective and transformative teaching at the tertiary education level.

More often, those teaching at the tertiary education level, indisputably have expertise in their areas of expertise. However, they usually lack the equally necessary complimentary knowledge, competences, and skills regarding teaching and learning foundations, teaching methodologies, principles of assessment, research supervision, and knowledge for the execution of associated academic roles. This deficiency ultimately undermines optimum teaching and learning.

The Postgraduate Certificate in Higher Education Teaching (PGCHET) program aims to equip those teaching at the tertiary education level with knowledge and skills for effective teaching, assessment, supervision, and effective execution of academic roles.

PGCHET Programme Structure

The PGCHET Programme is a one-year programme. It is a non-residential full-time programme that will be offered through an Open-Distance and Electronic-Learning (ODeL) model.
