STUDENTS**

2023/2024 UNIVERSITY OF MALAWI SELECTION OF GENERIC NON-RESIDENTIAL STUDENTS

Council of the University of Malawi (UNIMA) on **Tuesday, 11th July, 2023** approved names of candidates who have been admitted into the University to pursue various generic programmes for the **2023/2024** academic year on a non-residential basis.

The University wishes to inform the general public that the National Council for Higher Education (NCHE), under the coordination of the Technical Working Group (TWG) deriving its membership from all public universities, called for applications from candidates to various programmes in all public universities including the University of Malawi. As a result of this, all public universities conducted their selection in a harmonised manner to avoid multiple selections of candidates. However, each university conducted its selection in compliance with their respective Acts governing their operations.

Concerning the **2023/2024** selection, there were **18,471** eligible candidates out of **19,760** applicants which NCHE received to be considered for selection into all the public universities. Out of this group, a total of **8,520** candidates have been selected to pursue various academic programmes in all the public universities.

Out of the **8,520** selected candidates, UNIMA has selected **2,090** candidates representing **24.44%** of the combined total of all candidates selected by all public universities in Malawi.

The University further wishes to advise the selected candidates and the general public that opening arrangements for the **2023/2024** academic year shall be announced in due course.

The names of candidates admitted to the University of Malawi are as follows:
