

UNIVERSITY OF MALAWI POSTGRADUATE PROGRAMMES

SEPTEMBER 2024 INTAKE

The University of Malawi is inviting applications for various Postgraduate Programmes which will commence in September 2024.

GENERAL ENTRY REQUIREMENTS FOR MASTER'S DEGREES

The following are the **minimum application requirements** for all Master's degree programmes:

- a. A letter of application or a filled PG1 form to be downloaded from our website <www.unima.ac.mw>
- b. A Bachelor's degree from an accredited university with at least a credit. Candidates with a strong pass may be considered.
- c. A detailed CV.
- d. Certified or notarized copies of academic transcripts and certificates.
- e. Two letters of reference from traceable referees (one of which shall be an academician) and to be submitted in sealed envelopes or as PDF attachments.
- f. A copy of the bank deposit slip for the application fee of **MK20,000** for Malawian nationals and **US\$50** for international applicants. Please indicate the name of the programme you are applying for and deposit the money into the following account: Chanco Sundry Income, Account No: 282553, held at the National Bank of Malawi, Zomba Service Centre.
- g. Evidence of sponsorship: Preference will be given to applicants who will present credible evidence of funding for their studies.
- h. Candidates must sign on the 2024 PG1 Form that they have satisfied all the general entry requirements.

NOTE: Specific programmes may have additional requirements which must be complied with. Incomplete applications will not be processed.

GENERAL ENTRY REQUIREMENTS FOR Ph.D. DEGREES In addition to the general requirements above, applications for doctoral degree programmes should meet the following **minimum conditions**:

- a. A good Master's degree from an accredited university. Candidates with work experience will have an added advantage.
- b. A concept note detailing the proposed research topic regarding objectives, approach and research questions.
- c. Sample of applicant's written academic work.

CONDITIONS OF ADMISSION

- a) Unless specifically indicated, all Master's degree programmes are full-time and will run for 24 months. The first year is for course work while the second is for research and thesis writing. PhD programmes run for 3 years (full-time) and up to 5 years (part-time).
- b) The tuition fees cover costs of registration, examinations, supervision and institutional overheads. Students are expected to meet the costs of research, accommodation, meals, medical cover, books, stationery and learning materials.
- c) The University does not provide accommodation and the students will be required to look for their accommodation outside the campus.
- d) All programmes operate on a no-fee no-classes basis. Applicants will be expected to demonstrate how they will support their studies either through a letter of commitment from their sponsors or a bank statement.

SPECIFIC ENTRY REQUIREMENTS FOR PROGRAMMES

The following are the specific details of the advertised programmes:

1. SCHOOL OF ARTS, COMMUNICATION AND DESIGN

(a) DEPARTMENT OF DRAMA AND THEATRE

Name of Programme: Master of Arts in Theatre and Media Communications in Development (MA TMCD)

Programme Description: This interdisciplinary programme enables students to critically examine a range of theoretical, methodological and practical approaches to the study of Communication for Development, with specific emphasis on theatre and media. The training covers a range of current media industries including theatre, broadcast (radio and TV), print and digital media modes.

Programme Duration: 2 years with the first year offered on block release and the second year consisting of practice-based and supervised research leading to dissertation writing.

Fee Structure: MK5,500,000.00 for Malawian nationals; and US \$7,644.00 for international students for the 2 years.

Additional Entry Requirements: A Bachelor's degree with credit in the fields of development theatre, media, and communication studies from an accredited university. Candidates with a strong pass may be considered, alongside work experience in theatre, media and communications-related fields.

Contact for further details: **The Head of Department at +265 886 658 619 /+265 1 524 222 or email cmakhumula@unima.ac.mw or fpa@unima.ac.mw**

2. SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

(a) DEPARTMENT OF PHILOSOPHY

Name of Programme: (i) Master of Arts in Applied Ethics

List of Courses Offered: *Core modules:* African Moral Practice and the Ethical Theory, Moral Decision-Making, Biomedical Ethics, Research Methods and Methodology, Environmental Ethics, and Business Ethics. *Elective Modules:*

Developmental Ethics, Public Health Ethics, Public and Private Sector Ethics, and Morality, Law, Politics and the Media.

Duration of Programme: 2 years and programme has taught course components delivered through block release or weekend classes in the first year followed by supervised research leading to a dissertation in the second year. Students with no background in Ethics will be required to take a bridging module, *General Ethics*.

Additional Entry Requirements: Bachelor's or Honours degree in any field of study with credit or strong pass with a minimum of three years of work experience.

Fee Structure: Tuition fees for the whole program are MK5,500,000 for Malawian nationals, US\$6,000 for SADC students, and US\$8,000 for international students for the entire 2-year period.

Contact for further details: Head of Philosophy Department at head.philosophy@unima.ac.mw or the Postgraduate Coordinator at pg.philosophy@unima.ac.mw.

Name of Programme: (ii) Master of Arts in Philosophy (by Research)

List of Research Areas: History of Philosophy; Continental Philosophy and Analytic Philosophy, Metaphysics Epistemology, Philosophy of Language and Logic, Social and Political Philosophy, Phenomenology and existentialism, African Philosophy, Applied Ethics.

Mode of Delivery: This programme has two components: a taught course component delivered in the first semester of Year 1 where students will be required to attend compulsory seminars running every **Saturday for 5 weeks**. The second component will involve research leading to a supervised dissertation.

Additional Entry Requirements: A Bachelor's Degree in Philosophy or Bachelor's Degree majoring in Philosophy with Credit; or A Bachelor's Degree in Philosophy or a Bachelor's Degree majoring in Philosophy with a pass and a minimum of three years of working experience; or An Honours Degree in Philosophy. Only qualifications from universities recognized by the University of Malawi will be accepted.

Fee Structure: MK4,500,000 for Malawian nationals for the entire two years. US\$4,500 for SADC students, and US\$6,000 for international students

Contact for further details: Head of Philosophy Department at head.philosophy@unima.ac.mw or the Postgraduate Coordinator at pg.philosophy@unima.ac.mw.

Name of Programme: (iii) Doctor of Philosophy in Philosophy

List of Research Areas: Metaphysics, Epistemology, Philosophy of Language, Logic, Philosophy of Science and Technology, Ethics, Social and Political Philosophy, Phenomenology and existentialism, Critical Theory, and African Philosophy.

Mode of Delivery: This programme is a three-year academic programme. Delivery shall be on a full-time and part-time basis. Students will be required to attend compulsory seminars. The research component will be divided into quarterly reports, which will be examined by a supervisory committee. Students will be required to present their work in progress at these meetings and will be allowed to proceed after satisfying the examiners.

Additional Entry Requirements: A Master's Degree in Philosophy or a related field. Only qualifications recognized by the National Council for Higher Education will be accepted.

Fee Structure: MK3,000,000 per year for Malawian nationals years. US\$3,500 for SADC students, and US\$6,000 for international students.

(b) DEPARTMENT OF LANGUAGES, LINGUISTICS AND CLASSICAL STUDIES

Names of Programmes:

- (i) MA in Pure Linguistics
- (ii) MA in Applied Linguistics
- (iii) PhD in Pure Linguistics
- (iv) PhD in Applied Linguistics

Entry Requirements:

Applicants for MA degrees should have a good first degree with credit or its equivalent in the appropriate subject. Applicants with a strong pass mark and relevant work experience shall also be considered. Applicants who have not studied core courses in Linguistics for their BA will be required to go through a bridging course before they are admitted into any of the programmes.

Applicants into the PhD Programme should already have completed an MA degree. Subject to certain conditions, research students may be accepted on a part-time basis or, under approved arrangements, to work off campus.

Duration of Programme: For the MA degree, it is 2 years maximum (Full-time) or 3 years (Part-time). For the PhD degree, it is 3 years full-time.

Fee Structure: For MA degrees MK2,700,000 per year for Malawian nationals, and US\$4,500 per year for international students. For PhD degrees MK6,750,000 for Malawian nationals and \$7,575 for international students for the entire period of study. Fees for bridging, are MK200,000 for Malawian nationals and \$300 for international students.

Contact for further details: The African Languages and Linguistics Secretary at secall@unima.ac.mw or the PG Coordinator Dr. Edith Shame at eshame@unima.ac.mw or call 01 524 222

(c) **DEPARTMENT OF THEOLOGY AND RELIGIOUS STUDIES**

Name of Programme: Master of Theology and Religious Studies

Additional Entry Requirements: Bachelor's degree in Theology and Religious Studies or any other relevant first degree.

Fee Structure: MK4,500,000 for Malawian nationals and US\$6,000 for international students for the entire two years.

Contact for further details: Head of Theology and Religious Studies Department, trs@unima.ac.mw.

(d) **DEPARTMENT OF LITERARY STUDIES**

Names of Programmes:

- i. **MA in Literary and Cultural Studies**
- ii. **Doctor of Philosophy in Literature**

Programme Description: The MA (Literary and Cultural Studies) and PhD (Literature) programmes aim to develop critical skills in the appreciation of the relevance of literary works to the development of a nation; and build capacity that will service different government departments and NGOs in the fields such as teaching/research, culture and advocacy; and, finally, produce a cadre of literature scholars adept in the critiquing of literary and cultural works from all over the globe.

Eligibility Criteria

i. MA in Literary and Cultural Studies

Entry into the MA (Literary and Cultural Studies) programme will be open to candidates who are holders of a good first degree (credit+) or its equivalent with English literature as a major subject. The MA in Literary and Cultural Studies (by research) is only open to candidates who can satisfy the department that they already have a sound grasp of literary/critical tools for analysing a clearly defined body of literary texts or traditions of their choice. This MA involves training in research methods, such course work as may be deemed necessary and a dissertation for which the degree is awarded.

ii. Doctor of Philosophy in Literature (Full Time)

To be admitted into a PhD in literature Programme, candidates should already have completed an MA. If this is not the case, the candidate may be accepted initially for the MA with the provision that if his/her performance is satisfactory, he/she will then be permitted to continue to a PhD. Subject to certain conditions, research students may be accepted on a part-time basis or, under approved arrangements, to work off campus. Applications for the PhD should be accompanied by a 3-page concept note detailing the proposed research topic. Candidates are advised to make their concept notes as specific as possible and to send in a piece of their written work relevant to the proposed field of study along with their application.

Programme Duration: Maximum of 2 years (full-time or by research) for MA in Literary and Cultural Studies; maximum of 3 years for PhD in Literature.

Fees Structure: Actual fees for the MA in Literary and Cultural Studies programme is MK2, 500, 000.00 per year. The fee for the PhD in Literature is MK3, 000, 000.00 per year.

For further details, contact: The Postgraduate Coordinator, Dr Innocent Ngulube, at ingulube@unima.ac.mw or pgenglish@unima.ac.mw.

(a) **DEPARTMENT OF SOCIOLOGY**

(i) **Name of Programme: Master of Arts in Sociology**

Applications are invited from motivated social scientists to pursue a two-year research programme in the Sociology Department at the University of Malawi leading to the award of a Master of Arts Degree in Sociology.

Duration: This is a two-year programme and students are expected to develop a proposal, and conduct field research under Department assigned mentors in the first year. During the second year, students are expected to develop a thesis.

Specific Entry Requirements: To qualify for admission, an applicant should have a good bachelor's degree from a recognised university majoring in Sociology/Social Anthropology/ Gender studies/ Social Work. The applicant must have covered Introductory Sociology and demonstrated competence in Sociological Theories and Social Research Methods.

A complete application dossier must include the following: a one-paged motivation letter, a concept note (maximum of two pages), three copies of completed application forms (University of Malawi PG1), updated curriculum vitae, two academic references, copies of diplomas and degrees and an academic transcript and deposit slip for the application fee.

Fee Structure: K 1, 500, 000 per year for Malawian students and \$2500 per year for international students

E-mail: sec.sociology_unima@unima.ac.mw

(ii) **Name of Programme: PhD in Sociology (By Research)**

Fee Structure: MK2,000,000.00 per year for Malawian nationals and USD 3,000 per academic year for International students.

Duration of Programme: 3-5 years

Programme Description: Candidates will undergo a compulsory research methods course prior to commencement of their research studies. Candidates will later be expected to work with allocated supervisors on their research topics during which they will make at least two presentations one on the proposal and the other on the findings. Each candidate is also expected to publish articles in scholarly journals before the completion of the study.

Additional Entry Requirements: Prospective candidates must be capable of carrying out independent sociological research, and use and exchange ideas with a view to improving and critically analysing societal phenomena and development interventions. Candidates should have a strong Master's degree in Sociology, Development Studies and other social science fields from a recognised institution. Candidates from Development Studies and other social science fields will be considered if they have some background in Sociology at undergraduate or Master's levels.

Contacts for further details: The Programme Coordinator, Dr Phillip Kapulula +265 0888836598.

3. SCHOOL OF LAW, ECONOMICS AND GOVERNANCE

(a) DEPARTMENT OF ECONOMICS

(i) **Name of Programme: Master of Arts Degree in Economics (Full time)**

Programme Structure: The MA in Economics is offered jointly by the University of Malawi (www.economics.unima.ac.mw) and the African Economic Research Consortium (AERC) (www.aercafrica.org), in two components. In the first component, students spend their first year doing coursework before embarking on thesis preparation under the supervision of senior faculty in the second year. The first semester of coursework year is spent while in residence at Chancellor College in Zomba and the second semester takes students to the Joint Facility of Electives in Nairobi, Kenya. The facility draws students from leading universities in Anglophone Africa.

Additional Entry Requirements: Applicants should have a first degree majoring in Economics from an accredited institution. Those with a background in quantitative methods will have an added advantage.

Scholarships: Under the auspices of AERC, the Department of Economics offers a limited number of partial scholarships to outstanding candidates. Applicants are, however, encouraged to identify other sources of funding.

Fee Structure: MK8,250,000.00 per student for Malawian nationals and US\$10,000.00 per student for international students for the entire two-year programme.

Contact for further details: The MA (R) Economics Programme Coordinator at economics@unima.ac.mw or +265111951135.

(b) **DEPARTMENT OF POLITICS AND GOVERNMENT**

(i) **Name of Programme: Master of Public Administration and Management (MPAM)**

Description of Programme: The programme consists of a taught coursework component in the first year, followed by independent research and preparation of an examinable thesis in the second year.

Duration and Mode of Delivery: MPAM is a two-year block release programme of study and students are expected to attend classes for three consecutive weeks in every quarter of the first year of course work. In each quarter students will take two courses. All classes take place at Chancellor College in Zomba.

Additional Entry Requirements: Applicants should have either a minimum of a credit Bachelor's degree in Public Administration, Political Science, Human Resources Management or Business Administration offered by an accredited institution of higher learning and a minimum of two years of work experience; or a minimum of a credit Bachelor's Degree in any discipline but holding a managerial position in the public service having worked for at least two years. Applicants with a credit at bachelor's degree in the relevant disciplines with a strong pass will be considered if they have at least three years of work experience. The work experience requirement will be waived for those persons belonging to marginalised, disadvantaged or underrepresented social groups such as those with disabilities of any kind. Applicants should also submit a two-page typed brief of proposed research interests in the chosen discipline of study.

Fee Structure: MK7,000,000.00 for Malawian nationals and US\$ 7,500 for international students for the entire two-year programme.

Contact for further details: The Coordinator or Head of the Department of Political and Administrative Studies at: pastudies@unima.ac.mw, or call 0888 952 127 / 0993 007 186

(ii) **Name of Programme: Master of Arts in Political Science**

Description of Programme: The programme consists of a taught coursework component in the first year, followed by independent research and preparation of an examinable thesis in the second year.

Duration: 2 years (Full time)

Additional Entry Requirements: Applicants should have a strong Bachelor's degree with a credit or strong pass in Political Science or Public Administration. Applicants with a degree in Humanities and Social Sciences from an accredited institution will be considered if they have some Political Science subjects in their undergraduate programmes. Applicants should also submit a two-page typed brief of proposed research interests in the chosen discipline of study.

Fee Structure: MK5,500,000.00 for Malawian nationals and US\$ 6,500 for international students for the entire two-year programme.

Contact for further details: The Coordinator or Head of the Department of Political and Administrative Studies at: pastudies@unima.ac.mw, or call 0888 787 512 / 0993 007 186.

(iii) **Name of Programme: PhD in Public Administration (By Research)**

Programme Description: This is a full-time PhD programme by research, including supervisors' guided reading. During the entire period of study, candidates will be required to participate in scheduled scholarly activities arranged by the Department. These activities include seminars, reading exercises and presentations, and offering tutorials to MA and BA students in Public Administration.

Fee Structure: The tuition fee is MK13,500,000 for the whole period for Malawian nationals and US\$ 4,800.00 per academic year for international students.

Duration of Programme: 3-5 years

Additional Entry Requirements: Applicants to be considered for the PhD in Public Administration should have a strong Master's degree in Public Administration/ Management/ Political Science or related disciplines obtained from accredited institutions of higher learning. Applicants who can demonstrate a strong prior experience in research will have an added advantage.

Contact for further details: The Coordinator or Head of the Department of Political and Administrative Studies at: pastudies@unima.ac.mw, or call: 0996088913/ 0993007186

NOTE: Under the newly introduced Richard Tambulasi Memorial Postgraduate Scholarship, a total of three scholarships will be awarded to students pursuing a Masters degree in the Department of Political and Administrative Studies. The Department of Political and Administrative Studies offers Master of Public Administration and Management, Master of

Arts (Human Resource Management and Industrial Relations) and Master of Arts (Political Science). Awardees will be selected through a competitive process. For their thesis, awardees will have to research one of the themes that were core to the scholarship of Professor Richard Tambulasi.

(vi) Name of Programme: Master of Arts in Development Studies

Duration: 2 years (full-time)

Programme Description: The programme consists of a taught coursework component in the first academic year, followed by the preparation of an examinable thesis in the second year. The coursework will be undertaken in two semesters during which a total of 8 courses will be offered from the following list: Theories of Development; Research Methods for Development Studies; Rural Development; Development Economics; Political Economy of Development; African Economic History; Policy Analysis and Economic Management; Development Administration; Gender and Development; Environment and Sustainable Development.

Additional Entry Requirements: Applicants should have a minimum of credit at Bachelor's degree level in a Social Science or development-related field. Applicants with a strong pass degree and some relevant working experience will be considered.

Fee Structure: K7,000,000.00 for Malawian Nationals (or K3,500,000 per year of study); and US\$8,000.00 for international students for the entire period of study.

Contact for further details: at ssoyiyo@unima.ac.mw

(v) Name of Programme: PhD in Development Studies

Programme Description: The ultimate objective of the programme is to produce PhD graduates who are knowledgeable about the developmental challenges confronting African countries and the developing world in general. The programme exposes candidates to high-level analytical skills, classical and contemporary development theories, and perspectives, and the practical side of development and underdevelopment from multidisciplinary approaches. This programme consists of the taught course and research components.

Delivery Mode: Block release involving lectures, presentations and seminars

Duration: A minimum of 3 years and a maximum of 5 years.

Additional Entry Requirements: Prospective candidates must be capable of carrying out independent research in the social sciences, and use and exchange ideas with a view to improving and critically analysing development interventions. Candidates should have a strong Master's degree from a recognized institution in social science-related field. Candidates from other disciplines will be considered if they have some background in development-related fields.

While prospective students are welcome to propose research in any area of interest, the faculty is encouraging proposals/concept notes in the following areas: Political economy; local governance; decentralization; local development; development aid; development coordination; public policy; agrarian and environmental history; governance, institutions and policy reform processes on water and land issues; historical, cultural and social dimensions of water resources and the environment.

Fee Structure: MK13,500,000.00 for the whole period for Malawian nationals; and USD 5,000 per academic year for international students.

Contact for further details: at ssoyiyo@unima.ac.mw

(c) **DEPARTMENT OF MANAGEMENT AND LEADERSHIP STUDIES**

(i) **Name of Programme: Master of Arts in Human Resource Management and Industrial Relations (MA HRM&IR)**

Description of Programme: The programme consists of a taught coursework component in the first year, followed by independent research and preparation of an examinable thesis in the second year.

Duration: 2 years (Full time)

Mode of Delivery: Block release where students meet once every three months. The eight taught modules will cover ten weeks spread through four residential block release teaching sessions.

Additional Entry Requirements: Applicants should have a strong Bachelor's degree with a credit or strong pass (an average of 55% and above) in human resource management, industrial relations, general management, public administration and business administration. Applicants who wrote a project at the undergraduate level will have an added advantage. Those with Journalism, Humanities, and Social Science degrees will be admitted if their undergraduate programme has some human resource management or

industrial relations courses and have a minimum of 2 years of working experience in management. Applicants should also submit a two-page typed brief of proposed research interests in the chosen discipline of study.

Fee Structure: MK5,250,000.00 for Malawian nationals and US\$ 8,500 for international students for the entire two-year programme.

Contact for further details: The Coordinator or Head of the Department of Political and Administrative Studies at: pastudies@unima.ac.mw, or call 0888 350 020 / 0993 007 186.

(d) **DEPARTMENT OF PRIVATE LAW**

(i) **Name of Programme: Master of Laws in Commercial Law [LLM (Commercial Law)]**

Duration of Programme: 18 Months

Fee Structure: The tuition fee for the entire programme is MK7,875,000 or US\$10,500.00 for international students.

Description of Programme: The LLM (Commercial Law) programme consists of coursework, supervised research and a thesis. The course modules are delivered at the purpose-built Law complex where students have access to the National Bank of Malawi Postgraduate Computer Lab, which includes free access to the University of Malawi internet resources, and the Macknight Machika Resource Centre, which stocks a wide variety of up-to-date Library resources relevant to the postgraduate study of Commercial Law.

Additional Entry Requirements: Admission into the programme is open to graduates who have either: (a) a Bachelor of Laws (Honours) Upper Second Class degree (or its equivalent); or (b) A Bachelor of Laws (Honours) Lower Second Class degree (or its equivalent) and two years' experience working on matters directly related to the application of commercial law.

Preliminary Enquiries: The Programme Coordinator or postgradlaw@unima.ac.mw.

(4) SCHOOL OF NATURAL AND APPLIED SCIENCES

(i) **Name of Programme: Master of Science in Environmental Science (MES)**

Applications are invited from suitably qualified candidates to pursue a 24-month (full-time) Master of Science in Environmental Sciences (MES) programme during the 2021-2023 academic years in the Faculty of Science at the University of Malawi.

The MES programme has courses in four modules with each module consisting of at least three courses running for two months. Candidates are required to complete a research project and submit a thesis at the end of the two years. Details of course modules can be obtained from the MES office by email to mesadmin@unima.ac.mw.

Eligibility criteria

Candidates should have a good Bachelor's degree (at least an upper pass) in natural sciences or related fields. Preference will be given to candidates with relevant experience. The programme operates on a *no-fee-no-class basis*. Applicants should demonstrate how they will support their studies either through a letter of support from their sponsors or a bank statement.

Tuition fees

Successful candidates will be required to pay K4,500,000 for Malawian Nationals and US\$6,000 for international students for the entire two years.

Method of application

Applications, accompanied by authenticated copies of certificates, two academic reference letters, academic transcripts, and an updated CV with names of at least two traceable referees.

Only short-listed applications will be acknowledged.

Contact for further details: MES at: mesadmin@unima.ac.mw.

Those who were previously offered a place but did not report for their studies should re-apply.

- (ii) **Name of Programme: MSc in Water Science and Management (WSM)**

Description of Programme: The WSM programme consists of coursework, research and a thesis.

Duration of Programme: 2 years (full-time)

Fee Structure: MK2,250,000 for Malawian nationals and US\$3,000 for international students per year.

Additional Entry Requirements: Potential candidates should have at least a high pass in natural/applied sciences or related fields from recognized and accredited universities.

Contact for further details: Programme Coordinator, Dr. Evance Mwachungu, wrmg@unima.ac.mw.

- (a) **DEPARTMENT OF CHEMISTRY**

- (i) **Name of Programme: Master of Science in Applied Chemistry (by Research)**

Programme Description: The Master of Science programme in Applied Chemistry is intended to improve the capacity of trained and experienced professionals and technical manpower working in the many fields that require the application of chemical principles. The research component allows students to undertake studies on a topic which requires a comprehensive application of chemical principles. Typically, students take their dissertations in the broad areas of natural products, environmental chemistry, and food chemistry and processing.

Programme duration: 2 years (full-time)

Entry requirements: At the minimum, potential candidates should have a high-pass Bachelor's degree in Chemistry or a field related to the chemical sciences from a recognized university.

Fee Structure: MK1,500,000.00 per year for Malawian nationals and US\$2000 per year for international students.

Contact for further details: Dr. Jimmy Sumani, the PG Coordinator, E-mail: jsumani@unima.ac.mw and copy to chemistry@unima.ac.mw.

(ii) Name of Programme: Doctor of Philosophy in Chemistry (by Research)

Programme Description: The programme aims to produce a highly trained cadre of individuals who will contribute to knowledge generation in Chemistry and related disciplines. Students enrolled on a full time basis will dedicate full time to the programme of study, spending their time on campus or at a collaborating institution depending on agreements and availability of resources. Those on part-time will have to spend a minimum amount of time on campus that is equivalent to the full-time students during the 5 years.

Duration: 3 years (full-time) and a maximum of 5 years (part-time).

Entry requirements: At the minimum, hold an Honours or Master's degree in Chemistry or related disciplines obtained from recognized institutions of higher learning. Experience will not be a substitute for these requirements.

Fee Structure: MK 1,875,000 per year for Malawian nationals and US\$2,500 per year for international students.

Contact for further details: Dr. Jimmy Sumani, the PG Coordinator, E-mail: jsumani@unima.ac.mw and copy to chemistry@unima.ac.mw.

(b) DEPARTMENT OF GEOGRAPHY AND EARTH SCIENCES

(i) Name of Programme: Master of Science in Geography and Earth Sciences (by Research)

Duration: 2 years (full-time) and 3 years (part-time)

Description of Programme: Supervised research and thesis

Additional Entry Requirements: A credit or strong first degree (at least 55% and above) majoring in Geography and/or Earth Sciences or any other related discipline. Candidates must also submit a research topic of their choice.

Fee Structure: MK2,587,500 per academic year for Malawian Nationals or US\$3,450 per academic year for international students.

(ii) Name of Programme: Doctor of Philosophy in Geography (by Research)

Description of Programme: The **Programme consists of supervised** research and thesis. In addition, students will be required to participate in seminars, reading exercises and presentations as may be arranged by the department and other offices from time to time.

Duration: A minimum of 3 years (full-time) and a maximum of 5 years (part-time).

Entry Requirements: Applicants must hold a Master's Degree in Geographical or related disciplines obtained from accredited institutions of higher learning.

Fee structure: MK3,000,000.00 per academic year for Malawian nationals; and US\$ 5,000 per academic year for international students.

For further details contact: The Head of Department at: geo@unima.ac.mw; or emwathunga@unima.ac.mw.

(iii) Name of Programme: Doctor of Philosophy in Earth Sciences (by Research)

Description of Programme: The **Programme consists of** supervised research and a thesis. In addition, students will be required to participate in seminars, reading exercises and presentations as may be arranged by the department and other offices from time to time.

Duration: A minimum of 3 years (full-time) and a maximum of 5 years (part-time).

Entry Requirements: Applicants must hold a Master's degree in Earth Sciences or related disciplines obtained from accredited institutions of higher learning.

Fee structure: MK3,000,000.00 per academic year for Malawian nationals; and US\$ 5,000 per academic year for international students.

For further details contact: The Head of Department at: geo@unima.ac.mw; or emwathunga@unima.ac.mw.

(c) **DEPARTMENT OF BIOLOGICAL SCIENCES**

(i) Name of Programme: Master of Science in Conservation Biology

Description of Programme: This is a 2 years programme comprising taught and research components. In the first year students take courses which they must pass before proceeding to the second year. For sustainability, the programme will only be offered if there are a minimum of five registered students.

Additional Entry Requirements: Potential candidates should have a good Bachelor's degree (at least 55% and above) in Biological Sciences or related fields from recognized universities. Those with relevant experience will have an added advantage.

Fee structure: MK3,816,540 for Malawian nationals or USD6,000 for international students for the entire two years.

Contact for further details: Biology secretary on 01524222 or email the PG Coordinator pgbiology@unima.ac.mw.

(ii) Name of Programme: Master of Science (Biological Sciences) by Research

Description of Programme: The programme is mainly research-oriented, with production and examination of the thesis at the end of the study. This programme allows students to undertake studies on various topics that require the application of biological principles. These topics are identified in close collaboration with potential supervisors and students are encouraged to secure funding for both tuition and research.

Additional Entry Requirements: potential candidates should have a good Bachelor's degree (at least 55% and above) in Biological Sciences or related fields from recognized universities. Those with relevant experience will have an added advantage.

Fee structure: MK3,816,540 for Malawian nationals or USD6,000 for international students for the entire two years.

Contact for further details: Biology secretary on 01524222 or email the PG coordinator at pgbiology@unima.ac.mw

(iii) Name of Programme: Doctor of Philosophy (Biological Sciences)

Description of Programme: This is a 3 years full-time or 5 years part-time programme by research. Students undertake studies on various topics that require the application of biological principles. These topics are identified in close collaboration with potential supervisors and students are encouraged to secure funding for both tuition and research. In addition, prospective students will be expected to participate and present in departmental as well as faculty seminars from time to time.

Additional Entry Requirements: Potential candidates should have a Master's degree in Biological sciences or related fields from recognized universities. Those with relevant experience will have an added advantage.

Fee structure: MK3,097,504 for Malawian nationals or USD4,000 for international students per academic year.

Contact for further details: Biology secretary on 01524222 or email the PG Coordinator at pgbiology@unima.ac.mw

(d) **COMPUTING DEPARTMENT**

(i) **Name of Programme: Master of Science in Informatics**

Mode of Delivery: The programme is run jointly by the Computing Department at the University of Malawi (UNIMA) and the Department of Computing and Information Technology at Malawi University of Business and Applied Sciences (MUBAS). It is a 2 years full-time programme delivered on a 2-week block release mode for the course work (classes, examinations, seminars and workshops) in the 1st year. The 2nd year will involve research leading to a supervised dissertation.

Additional Entry Requirements: Applicants should have a Bachelor's degree in the fields of Information Systems, Computer Science, or equivalent qualifications from recognized universities. Applicants with degrees in related applied sciences from MUBAS and Mathematical Sciences from UNIMA can also apply. Females are encouraged to apply.

Fee Structure: MWK 5,900,000.00 for Malawian nationals and USD 6,000.00 for international students for the entire 2-year period.

Contact for further details: mascinformatics@unima.ac.mw

(ii) **Doctor of Philosophy in Computer Science**

Description of Programme: The PhD programme in Computer Science is designed to develop future scholars to excel in basic theoretical and applied research in the field of Computer Science. The programme covers a range of topics from theoretical studies of algorithms to practical problems of implementation of computational hardware and software. Among others, study and research areas include Artificial Intelligence, Data Structures, Data Science, Internet of Things, Network Design and Computation, Language Processing, Robotics, Health Informatics, Geospatial Computing, and Cyber Security.

Duration of the Programme: 3 years (full-time) and 5 years (part-time).

Mode of Delivery: Consists of mandatory coursework over an equivalent of a semester, participation in seminars, group work, and presentations and completion of at least 2 years of independent research that will lead to publications and a dissertation.

Special Entry Requirements: Applicants should have a Master's degree in any of the following disciplines: Computer Science, Information Technology, Information Systems or any related discipline from a recognized institution of higher learning.

Additional Entry Requirements: Applicants must also submit a statement of purpose (1-2 pages long), which should include the applicant's background, goals, research, and reasons for applying to the University of Malawi

Preliminary Enquiries: phdcomputing@unima.ac.mw

Fee Structure: MWK11,500,000.00 per student for the programme for Malawian nationals, and USD12,000.00 per student for the programme for international students.

(iii) Doctor of Philosophy in Information Systems

Brief description of the programme: The PhD in Information Systems programme aims to develop scholars and practitioners who can excel in theoretical and applied research, in the field of computing and information systems. The programme provides a platform for students to gain advanced theoretical and practical skills in research; management of systems development processes; understanding of organizational and societal contexts and need for information systems and system development. Students will also be exposed to critical perspectives in the application of information systems to enable development in contexts where there are multiple stakeholders with competing interests.

Duration of the programme: 3 years (full-time) and 5 years (part-time).

Mode of Delivery: Consists of mandatory coursework over an equivalent of a semester, participation in seminars, group work, and presentations and completion of at least 2 years of independent research that will lead to publications and a dissertation.

Special Entry Requirements: Applicants should have a Master' degree in any of the following disciplines: Computer Science, Information Technology, Information Systems or any related discipline from a recognized institution of higher learning.

Additional Entry Requirements: Applicants must also submit a statement of purpose (1-2 pages long), which should include the applicant's background, goals, research, and reasons for applying to the University of Malawi

Preliminary Enquiries: phdcomputing@unima.ac.mw

Fee Structure: MWK11,500,000.00 per student for the programme for Malawian nationals, and USD12,000.00 per student for the programme for international students.

(e) **DEPARTMENT OF MATHEMATICAL SCIENCES**

(i) **Master of Science in Biostatistics**

Description of Programme: A 2-year programme, offered through block-release and involves coursework and thesis.

Additional Entry Requirements: Applicants must have a Bachelor's degree, majored in Statistics or Mathematics and any other related disciplines with at least a strong pass from a recognized university. Selected candidates with deficiencies in some Mathematics/Statistics modules will be asked to attend bridging course before enrolment.

Scholarships for International Students under CRAFS-ACE 2 Project: Under the Centre for Resilient Agri-food Systems (CRAFS), with support from the World Bank's Africa Centres of Excellence II (ACE II) project, the School of Natural and Applied Sciences (SNAS) has secured funding for full-time study scholarships of international students willing to pursue various postgraduate science programmes at the University of Malawi. A separate advert for the same will be circulated. Selection for scholarships will be through a competitive process. Female candidates are particularly encouraged to apply.

Scholarships: Limited full scholarships will be available under the DELTAS Sub-Saharan Africa Consortium for Advanced Biostatistics Training (SSACAB) project to selected applicants having a Statistics degree with at least a credit pass and aged below 35 years.

Fee Structure: MK2,250,000 per academic year for Malawian nationals and US\$3,000 per academic year for international students. Those attending bridging courses will be required to pay US \$300 per module.

Contacts for further details: The Coordinator, Mr. Sawerengera, on 0999530764, copy to sec.maths@unima.ac.mw.

(ii) Master of Science in Mathematical Sciences

Description of Programme: A 2-year full-time programme involving coursework and thesis.

Entry Requirements: Applicants must have a Bachelor's degree in Mathematical Sciences with at least a credit or a strong pass obtained from any accredited institution of higher learning.

Fee Structure: MK2,450,000 for Malawian nationals and US\$3,000 for international students for the entire duration of the programme (2 years).

Scholarships for International Students under CRAFS-ACE 2 Project: Under the Centre for Resilient Agri-food Systems (CRAFS), with support from the World Bank's Africa Centres of Excellence II (ACE II) project, the School of Natural and Applied Sciences (SNAS) has secured funding for full-time study scholarships of international students willing to pursue various postgraduate science programmes at the University of Malawi. A separate advert for the same will be circulated. Selection for scholarships will be through a competitive process. Females are particularly encouraged to apply.

Contact for further details: The Programme coordinator (Dr. Elias Peter Mwakilama) at: emwakilama@unima.ac.mw / mathsciences_unima@cc.ac.mw, and copy to sec.maths@cc.ac.mw.

(iii) Doctor of Philosophy in Mathematical Sciences by Research

Description of Programme: This is a 3 - 5 years full-time PhD programme by research, including supervisor-guided reading. Students on this programme will dedicate full time to the programme of study, spending their time on campus at Chancellor College or a collaborating institution depending on agreements and availability of resources. During the entire period of study,

students should be prepared to devote at least 90 hours of tutoring undergraduate or MSc students in the Department of Mathematical Sciences at Chancellor College. In addition, students will be required to attend and participate in departmental or faculty seminars and/or presentations and attend other scholarly activities which the department may arrange from time to time.

Additional Entry Requirements: A Master's degree in Mathematics or related disciplines obtained from any accredited institution of higher learning. Those with first-class BSc honours degrees in Mathematics may also be admitted. It is highly recommended for PhD applicants to pre-identify academic supervisors who are specialists in the proposed research areas.

Fee Structure: MK2,000,000 for Malawian nationals or US\$3,500.00 for international students per academic year.

Contact for further details: The Programme coordinator (Dr. Elias Peter Mwakilama) at: emwakilama@unima.ac.mw/mathsciences_unima@cc.ac.mw, and copy to sec.maths@cc.ac.mw

(iv) Doctor of Philosophy in Biostatistics

Description of the programme: This is a 3 to 5-year full-time PhD programme by research including supervisor-guided reading. During the entire period of study, the candidate should also be prepared to devote at least 135 hours of teaching/tutoring MSc or undergraduate students in the Department of Mathematical Sciences, which is equivalent to teaching 3 modules.

Additional Entry Requirements: Applicants to be considered under PhD programmes in Biostatistics or Statistics should have a strong Master's degree in Statistics or Biostatistics from a recognized university. Applicants should also submit a concept note, not exceeding 5 pages, outlining the proposed area of research.

It is also highly advised that applicants should pre-identify or suggest an academic supervisor who is a specialist in the research area they are proposing. The University requires that the main PhD supervisor should be at the level of at least Senior Lecturer. The academic supervisor does not necessarily have to be from the University of Malawi. The University encourages collaborative supervision. Applications with pre-identified supervisors may have an added advantage.

Scholarships: The Africa DELTAS SSACAB programme offers some fellowships to deserving applicants. For more details visit <https://www.ssacab.co.za/Fellowships/Opportunities.aspx>.

Fee structure: Tuition fees are USD 5,500.00 per academic year payable in Malawi Kwacha equivalent at the time of registration.

Contacts for further details: The programme coordinator, Dr. Tsilizani Kaombe at sec.maths@unima.ac.mw copy tkaombe@unima.ac.mw or <https://biostatistics.unima.ac.mw/>

(f) **DEPARTMENT OF HUMAN ECOLOGY AND AGRICULTURAL STUDIES**

(i) Name of Programme: Master of Science in Food Science

Duration of programme: 2 years (24 months) full time

Fee structure: K5,000,000 or US\$7500 for international students for the entire two years.

Description of the programme: This is a full-time Masters programme comprising coursework in the first year and research leading to a thesis in the second year. The programme aims to produce a highly trained Food Scientist who will contribute to knowledge generation, inform food policy and produce a range of nutritious food products.

Additional entry requirements: The admission requirement into the MSc in Food Science degree programme shall be: Bachelor's degree in Food Science, Food and Nutrition, Food Technology, Public Health, Biology, Microbiology and related fields with at least a strong pass or its equivalent from any recognized institution of higher learning

Contact person: Head, Human Ecology Department at: humanecology@unima.ac.mw

PROCEDURE FOR SUBMITTING APPLICATIONS

Only short-listed applications will be acknowledged. Those who were previously offered a place but did not reserve their places should re-apply.

All applications should clearly state the programme applied for and should reach the following address by **Thursday, 29th February 2024**. This includes Electronic Applications.

**Postgraduate Studies
University of Malawi
P.O. Box 280, Zomba**

For further details, please refer to www.unima.ac.mw
